

LILA

Corten table

Lila is the line of outdoor furniture inspired by the oval shape of a leaf. The design is refined and essential. The Corten steel structure of the bench appears as light as a leaf. Narrow slots on the surface of the metal draw the stylised ribs and the brown nuances of Corten create colour contrasts with the coloured cushions carried out in ad hoc manner and with customisable colours. Lila Collection is suitable for various functions. The bench foresees an opening under the level of the seating top to allow placing the rectangular cushions that, when needed, are comfortably removed. The “drawer” is suitable to contain the upholstered items during the winter season or in case you want to appreciate the refined Corten surface. Lila, inspired by the nature beauty, is integrated harmoniously into it, by giving a touch of personal elegance to the open spaces of the garden.
