

## CUT

### Corten bench

The CUT collection is designed in order to personalize urban spaces with furniture combining functionality and design. The structure is characterized by the horizontal cuts of the metal surface. The slots, hence the name "cut", avoid water stagnation on the seating top. As Corten is a structural steel with improved atmospheric corrosion resistance, it is a timeless material against the effects of bad weather or the passing of time. The CUT bench could also be placed in your garden spaces. In addition to the bench, there is also Cut Chair from the same collection.

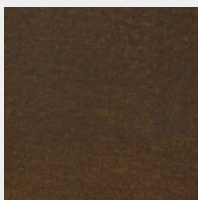

### DETAILS

<b>Brand</b>	TrackDesign
<b>Designer</b>	TrackDesign
<b>Typology</b>	Bench
<b>Collection</b>	Cut
<b>Dimensions</b>	L 1500 mm D 540 mm H 865 mm H Seat 430 mm
<b>Materials</b>	Corten steel
<b>Weight</b>	40 kg

## PRODUCT CONFIGURATION

### AVAILABLE MATERIALS

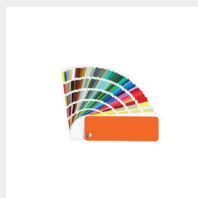

Available in:

Controlled oxidation  
corten

### AVAILABLE COLORS AND FINISHES

Painted steel available in the colors:

RAL  
to be agreed upon
