DESCRIPTION

Hanami ("watching the flowers") is the Japanese term giving the name to the collection of outdoor Corten furniture. The decorative elements which characterize collection Hanami, they are inspired by the traditional oriental custom to enjoy the beauty of the spring cherry tree blossoming. The pattern on the surface represents the flower petals offering filled and empty spaces. The petals which decorate the furniture remain protagonists also when we have above linear cushions* in water and dirt repellence fabric technology. In complement with the armchair, the collection proposes other furniture such as small table, armchair or pouf Hanami.
