

OPLA'

Corten pouf and coffee table

Oplà is multifunction furniture combining the use of pouf and coffee table. The Corten steel structure contains the seating composed of four interchangeable cubes and the wooden top of the coffee table can be extracted through a slot engraved on a side of the cube. Oplà can be transformed easily into a coffee table with seating. If necessary, the four poufs can be extracted from the container to place the top of the coffee table. Customisable colours. The furniture can be placed in the garden and in the indoor environments. Oplà is versatile and lively furniture, suitable for sharing funny moments with friends.
